### Review Report on the interim financial information

#### Introduction

We have reviewed the accompanying interim condensed financial position of Umm Al Qaiwain General Investments Company P.S.C. - Public Shareholding Company, the "Company" as of September 30, 2020, the related condensed interim statements of profit or loss, other comprehensive income, changes in shareholder's equity and cash flows for the nine months period then ended. Management is responsible for the preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard No (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

#### Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditors of the Entity".

A review of interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with International Accounting Standard No. (34) "Interim Financial Reporting".

**1- LEGAL STATUS AND PRINCIPLE ACTIVITIES**

Umm Al Qaiwain General Investments Company (Formerly Umm Al Qaiwain Cement Industries Company), a Public Shareholding Company (hereinafter referred to as "the Company"), was incorporated in Umm Al Qaiwain by Amiri Decree number 2/82 on February 11, 1982.

The Company had obtained approval from the Securities and Commodities Authority to change the commercial activities and trade name to become Umm Al Qaiwain General Investments Company P.S.C. and obtained a commercial license number 4558 from the Department of Economic Development – Umm Al Qaiwain on April 24, 2016.

The company's business activity is development, establishment and management of real estate enterprises, funds and stocks investments (stocks and bonds), investment, establishment and institution in commercial enterprises, entertainment, agriculture, tourism, industrial, infrastructure, educational services, health, energy and ownership and investment of classes and units in the buildings of the investment areas.

The Company is domiciled at Umm Al Qaiwain, United Arab Emirates.  
The registered address of the company is Umm Al Qaiwain – UAE.

**2- BASIS OF PREPARATION AND ACCOUNTING POLICIES**

**Basis of Preparation**

The accompanying interim condensed financial statements are prepared in accordance with IAS 34- "Interim Financial Reporting". These interim condensed consolidated financial statements should be read in conjunction with the financial statements of the Company's for the year ended December 31, 2019.

The interim condensed financial statements do not contain all information and disclosures required for full annual financial statements prepared in accordance with International Financial Reporting Standards. In addition, results for nine-month period ended September 30, 2020 are not necessarily indicative of the results that may be expected for the financial year ending December 31, 2020.

The preparation of the interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgments made by management in applying Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended December 31, 2019 subject to the matters discussed in the "Impact of COVID -19" Note No. 15.

All material intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated on consolidation.

**Going Concern**

In light of prevailing economic conditions, the Company's management with available information about future risk and uncertainties has performed an assessment whether the Company is going concern. Based on the assessment, the Company's management have concluded that at present the Company has sufficient resources to continue in operational existence and going concern assumptions remains largely unaffected from December 31, 2019. As a result, these interim consolidated financial statements have been prepared on a going concern basis.

---

The Company continues to monitor the situation closely and the Company's management have taken measures manage potential business disruption COVID -19 that may have on the Company's operations and financial performance in 2020 and in the future.

**3- SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies adopted in the preparation of these interim condensed consolidated financial statements are consistent with those followed in the preparation of the Company's annual consolidated financial statements of the previous financial year and corresponding interim reporting period, except for the adoption of amendments to standards as set out below.

*Newly effective standard and amendments and improvements to standards*

The following amendments to standards apply for the first time in 2020 and have been applied by the Company's in preparation of these interim condensed financial statements.

- Amendments to IFRS 16 on, 'Covid-19-Related Rent Concessions'. The amendment is effective for annual reporting periods beginning on or after 1 June 2020 and earlier application is permitted including interim reporting, the Company has early adopted this amendment in these interim consolidated financial statements.

As per the amendment lessee's are currently required to assess whether rent concessions are lease modifications and, if they are, apply specific accounting guidance. Accordingly, when the scope of a lease increases and the consideration changes commensurately, a separate lease exists and IFRS 16 requires that any modification be considered a new lease, and that any remaining prepayments and accruals are included in the accounting for this new lease. The amendment permits lessees, as a practical expedient, not to assess whether particular rent concessions occurring as a direct consequence of the COVID-19 pandemic are lease modifications and instead to account for those rent concessions as if they are not lease modifications. The amendment does not affect lessors.

Early adoption of this amendment did not result in any changes in any changes to previously reported net profit or equity of the Company.

Other amendments to standards that are effective as of January 1, 2020

- Amendments to References to the Conceptual Framework in IFRS Standards
- Amendments to IFRS 3 on 'Definition of a business'
- Amendments to IAS 1 and IAS 8 on 'Definition of Material'
- Amendments to IFRS 9, IAS 39 and IFRS 7 on 'Interest rate benchmark reform'

The adoption of the above amendments and interpretations to the standards did not result in any changes in to previously reported net profit or equity of the Company, but they may result in additional disclosures at the year-end

**New and amended standards not yet effective, but available for early adoption**

The below new and amended IFRS that are available for early adoption for financial year ending December 31, 2020, are not effective until a later period, and they have not been applied in preparing these financial statements.

**13- FAIR VALUE MEASUREMENT**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, differences can arise between book values and the fair value estimates. Underlying the definition of fair value is the presumption that the Company is going concern without any attention or requirement to materially curtail the scale of its operation or to undertake a transaction on adverse terms.

Assets and liabilities measured at fair value in the statement of financial position are grouped at three levels of the fair value hierarchy. This Company is determined at the lowest level of significant inputs used in the measurement of fair value, as follows:

Level one: Prices offered (unadjusted) in active markets for identical assets or liabilities.

Level two: Inputs other than quoted prices within Level one that can be observable for assets or liabilities either directly (ie as prices) or indirectly (ie derived from prices).

Level three: Inputs of assets or liabilities that are not based on observable market data (unobservable inputs).

**14- CAPITAL RISKS MANAGEMENT**

The Company use of financial instruments exposes it to financial risks such as credit risk, Liquidity risks, market risk, foreign currency risk and capital risk.

The Company continuously reviews its risk exposures and takes the necessary procedures to limit these risks at acceptable levels.

The significant risks that the Company is exposed to are as follows:

**a) Credit risk**

Credit risk is the risk that one party to a financial instrument will fail to pay an obligation causing the other party to incur a financial loss.

The financial instruments that potentially subject the Company to concentrations of credit risk consist principally of receivables on investments.

**b) Liquidity risks**

Liquidity risk is the risk that the company will be unable to meet its cash obligations. The management of liquidity risks consist of keeping sufficient cash, and arranging financing sources through enough facilities, managing highly liquid assets, and monitoring liquidity on a periodically basis by method of future cash flow.

The maturity of liabilities stated below based on the period from the financial position date to the contractual maturity date. In the case of financial instruments that do not have a contractual maturity date, the maturity is based on management's estimate of time period in which the asset will be collected or disposed and the liability settled.

The following is maturity table for the financial liabilities as of September 30, 2020:
